

TRUFFLE HUNTING EXPERIENCE

Experience truffle hunting first-hand and discover the regional traditions and enogastronomic culture of the region with a half day excursion in the Tuscan countryside at the Savini's Farm. Led by a professional truffle hunter and his trusted sniffer dog you will be taken to hunt the precious truffle of San Miniato (Pisa), one of the richest truffle areas in all of Europe.

The Savini family will reveal all their secrets and show how to find truffles walking through the woods, and how to cook and them. After the hunt it will be time for lunch or aperitif with local truffle dishes that can be enjoyed together with the "tartufai". Don't miss this unique experience during your stay at Hotel Savoy.
